DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see pages 5-8, filed 09/04/07, with respect to claims 1,3-7, and 9-13 have been fully considered and are persuasive. The rejection of claims 1,3-7, and 9-13 has been withdrawn.

Allowable Subject Matter

1. Claims 1,3-7, and 9-13 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: Claims 1, 7 and 13 of the current application is allowed for the reasons pointed out by Applicant's remarks page 7-9. Prior art of record fails to teach of a first correction unit that corrects data of a pixel judged by a first judgement unit in a first edge area by correcting at least one of a plurality of color component data differently than the other component data and a second correction unit that corrects data of a pixel judged by a second judgement unit in a second edge area by correcting at least one of a plurality of color component data differently than the other component data.
3. It follows that dependent claims are inherently allowable for depending on an allowable base claim.
